

ALLPOINTS FIBRE (APF) MONTHLY AND ANCILLARY CHARGES

Product details and costs

These products are fibre only and have asymmetrical speeds; there is one speed available for the Small Office / Home Office (SOHO) market and then there are three speeds for Business premises only.

No work can go ahead if it requires any extra costs to the ancillary table below without client approval; these circumstances are most likely, but not limited, to occur where:

An internal shift of an existing socket is required eg from one room or floor level to another.

Where any extra construction work is required

**Managed order service is a service provided by Magrathea for complex or time critical orders; appropriate when our team need to regularly engage directly with client and supplier rather than simply relying on automated systems.

***Magrathea Managed Order service**

- Suitable to more complex installs and multi-occupancy premises that require hands-on management
- Suitable to time critical or service critical installations
- Phone, email and portal updates throughout with proactive management by Magrathea support team

Next steps:

Please email in to support@magrathe-telecom.co.uk with any questions and postcodes where you would like us to confirm availability.

Orders can be placed using our MAGIC portal. Please contact us for information on how or visit our <https://www.magrathea-telecom.co.uk/clientinfo/> to download further information.

This is a third-party website where fibre availability can be checked. NB Magrathea is not responsible for the content
