

Magrathea Co-Location Facility at Telehouse

General Information

- All options include free, unlimited VoIP peering with our servers.
- 2U to 10U options include 1 M/bit Internet bandwidth, thereafter purchased in 4 M/bit bundles.
- 20U option includes 5 M/bit Internet bandwidth, thereafter purchased in 4 M/bit bundles.
- 40U option includes 10 M/bit Internet bandwidth, thereafter purchased in 4 M/bit bundles.
- Bandwidth rate limiting is currently only applied in the outbound direction (subject to change).
- 24 hour access to pre-approved personnel – subject to an access request to us.
- 24 hour remote power reset capability. Please note that we do not provide on-site support – if required an agreed call-out charge will apply.
- A power consumption limit of 1.5kw applies to each rack and will be applied pro-rata to space taken.
- A power allocation allowance of 13,540 kWh per rack, per year, is included and will be applied pro-rata to space taken. If this is exceeded Magrathea will invoice the occupants of the rack at cost price (currently 75p per kWh) plus a £10 administration fee. Consistent and/or excessive over use of power may result in disconnection from the power supply.
- All prices are subject to VAT.
